

5th Grade Band Placement

Parents,

What an exciting time for your child! All students who are interested in being in 5th grade band at Clark Intermediate or Tom Cox Intermediate are required to attend the band instrument placement. Since there is no beginning band in 6th grade, 5th grade is the absolute best time to begin your instrumental music journey. Band directors will take time and discuss different instrument options with your child. The directors will place instrument mouthpieces and have students create a sound to find the instrument that best fits your child. Below is the date and contact information for this audition.
