

## 2020 Summer Reading

### York Junior High School

York Junior High School's language arts department encourages all students to read over the summer in order to enrich learning and provoke thought. Summer reading strengthens reading skills, increases academic achievement, fosters a love for reading, and empowers students to become life-long learners.

We, in Conroe ISD, do maintain our belief in the power of reading for all students. In order to maintain reading skills and continue to grow a reading life, we encourage all students to continue reading over the summer.

In light of the current public health situation and modified learning environment, **we will not be requiring students to complete any accompanying assignment or project for any suggested summer reading for the 2020-2021 school year.**

We do, however, want to include the 2020 Lone Star Reading List (on the next page) as a reference for those students who choose to continue to read over the summer and may need assistance in choosing a title. These books are **not required** but are suggested as appropriate options.
