Mission: Building Learners to be Productive Global Citizens!

Tuesday, September 1, 2020

Dear Cox Families,

Happy September! Seeing our students walk into our building, and enter their classrooms has been the highlight of our week. This time has given us the opportunity to practice our procedures and make any needed changes. Our top priority is safety for students and staff, but we also want our students to enjoy being at Cox. This includes students who are on campus and those working remotely.

One of our goals this year is to find ways to make that happen and maintain procedures to keep everyone safe and well. Once we settle in, we will start promoting and forming our student clubs and student council.

Thank you,

Deborah Spoon

## Remote/Online Learners:

Parents and Students,

Thank you for adjusting to the schedule change during the week of "ramp-up", Aug 31-Sep 4. This time gave teachers the opportunity to practice new procedures and plan for next week.

On September 8, 2020, we will increase the synchronous time students will meet with their core teachers for the week. The virtual times will include live lessons, Q&A, and small group/intervention. Learning Communities will share the schedule with parents and students by Friday, 9/4 so families are prepared for next week.

If you have any questions or concerns about the changes to the schedule please do not hesitate to contact us at 281-465-3200.
